

*Hi Jim,*

*3-21-2009*

*Just wanted to drop a line and say it was a very nice buying experience from you folks. I really enjoyed talking with you about all the pool stuff. You are very knowledgeable and have a great personality. I find that to go a long way in business, since I have an interior business of 35 years.*

*I have gotten all the figuring done on this pump now and it is great. I will recommend it to others and certainly send them your way.*

*Again, thanks for the help and all of you take care. Sincerely,*
